KASH Tech, LLC and Denodo announce Strategic Partnership to advance data virtualization services in the Southern Region.

Sanford, FL, - October 9, 2020 – KASH Tech, LLC and Denodo are pleased to announce a National Strategic Partnership, combining Denodo’s World Class Data Virtualization platform with KASH Tech’s leading edge consulting services and Onshore Development Support Model.

With technology playing an increasingly critical role in every aspect of business, companies recognize that they need to accelerate the development of digital solutions to ensure they remain competitive and efficient. With greater frequency data accessibility and quality are determining factors in the success of these new solutions, with traditional ETL being an obstacle to time-to-market and maintainability of these solutions. The KASH Tech-Denodo partnership brings together Denodo’s state-of-the-art data virtualization, artificial intelligence and machine learning together with KASH Tech’s broad technology experience and expertise to drive data democratization across the organization and support clients through successful transformations.

The KASH Tech-Denodo partnership is a powerful combination. Denodo’s understanding of hybrid/multicloud data management, augmented data integration and data fabric designs have made them a Leader in Gartner’s 2020 Magic Quadrant for Data integration Tools. KASH Tech’s award winning solution design and development efforts and their Voice of the Customer engagement methodology ensure an in-depth understanding of the business needs that will ensure successful implementation and user adoption.

“Partnering with Denodo to deliver transformation for our clients will allow us to provide the very best technology, implementation and support portfolio strategies on which we will conceive, design and build the next generation of Decision Support solutions for our Clients,” said Kamesh Gopalan, KASH Tech CEO. “Together, working as one team, we will unlock the full potential of data accessibility and transformation and place our client’s on the best path for success.”
